

Sustainability

HIGHLIGHTS 2024

DEPARTMENT LAUNCH

The Office of Sustainability officially launched on April 25, 2024. We hosted a sustainably-themed breakfast with key stakeholders from across campus and introduced them to the AASHE STARS program.

53%

REDUCTION OF SCOPE 2 GHG EMISSIONS

Montclair purchased Green-e™ certified Renewable Energy Credits (RECs) from wind, solar and hydro projects across the U.S. through a retail renewable energy agreement with ENGIE Resources LLC.

CARBON REDUCTION

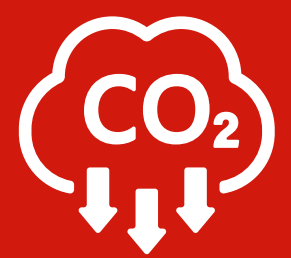

Equipment upgrades and electric vehicle purchases completed by University Facilities yielded significant annual savings:

186,360

kWh

=

155

mt CO₂e

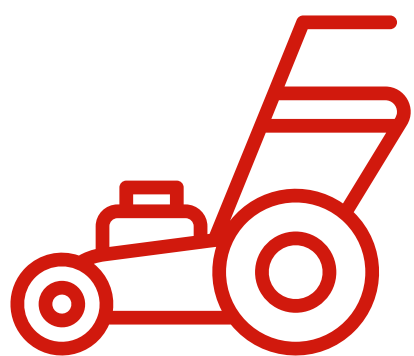

SINGLE-USE PLASTIC REDUCTION

Fill it Forward encourages users to ditch the single-use water bottles and carry a reusable bottle with them.

Scan the QR code at the bottle filling locations to be entered into a monthly prize drawing!
